Inkling™

While you sketch on paper, your idea goes digital.

Inkling.

Do you start your artwork with pen and paper? But at the same time regret that your work is stuck on paper until you have scanned the image? Then Inkling is an indispensable tool for you. This digital sketch pen allows you to sketch with a real ballpoint pen on any paper. While you are drawing, all strokes are recorded electronically which can then be imported as raster or vector artwork in to your preferred graphics application for further editing. With just one button click you can record layers, for instance, to separate preparatory and final drawings. These layers are then retained after import.

Key features

- Enhance your professional workflow by capturing digital data while sketching with a ball-pen on normal paper
- The ink sketch can be structured in layers while drawing – no need to recreate layers in software
- 1,024 levels of pressure sensitivity for natural pen strokes
- Store hundreds of high resolution sketches on the receiver before transferring to your PC or Mac
- Save time and export your sketches with layers directly into Adobe® Photoshop® or Illustrator® (CS3 or higher), or Autodesk® SketchBook® Pro or SketchBook® Designer (2011 or higher) as vector graphics
- Be versatile by saving your sketches in the following formats: JPG, BMP, TIFF, PNG, SVG and PDF

Inkling™

General specifications

Sketch size	A7 to A4 paper size (portrait/landscape)
Transmission type	infra-red and ultrasonic
Power requirements (for battery charging)	DC 5V, 500 mA, from USB port
Package content	Inkling digital pen, Inkling receiver, Inkling charging case, battery, USB cable, 4 spare ink cartridges, Inkling Sketch Manager application, quick start guide, online user's manual

Inkling digital pen

Dimensions (L x D)	153 x 17 mm
Weight	± 21 g
Battery	rechargeable Nickel Metal Hydride (NiMH) battery 1.2 V, 170 mAh
Status lights	1 (pen LED indicating pen status and battery charge status)
Working time	up to 15 hours
Charging time	up to 3 hours
Pressure levels	1.024

Inkling receiver

Dimensions (W x D x H)	71 x 32 x 16 mm
Weight	± 38 g
Connector (receptacle)	USB mini-B
USB type	USB 2.0 full speed
Buttons	2 (power button & new layer button)
Flash memory size	2 GB
Battery	rechargeable Lithium-Ion Polymer (Li-Ion Polymer) battery 3.7 V, 400 mAh
Status lights	3 (power LED, status LED & new layer LED)
Working time	up to 8 hours
Charging time	up to 3 hours
Receiver clip	holds ± 10 pages

Inkling charging case

Dimensions (W x D x H, closed)	173 x 63 x 25 mm
Connector (receptacle, for charging)	USB mini-B

Inkling Sketch Manager software

System requirements	USB port (powered, for receiver) PC: Windows® 7, Vista or XP (SP3) Macintosh®: Mac OS® X, version 10.4.11 or later
Possible file formats for the sketches	.wpi (original vector format), .wac, .svg, .bmp, .jpeg, .png, .tiff, .pdf
Supported applications for layer editing	Adobe® Photoshop® or Illustrator® (CS3+), Autodesk® SketchBook® Pro or SketchBook® Designer (2011+)
